

BIO

Patti has worked in a variety of mediums including photography, weaving, video film making, watercolor, and handmade bookmaking. Photography has always been the most deeply satisfying. She has produced national award winning video shorts, and had her photography work exhibited in several galleries. Patti has a B.F.A. in Digital Media. She continuously develops her craft through research and attending select workshops and classes. After 22 years teaching Digital Arts at a community college, she retired to focus on her art.
